Assessor Comments A nice line of vendor bred Limousin X Angus heifers that present in forward condition and are ready to bounce ahead on the right nutrition. The heifers are showing plenty of muscle and shape with them being sired by Macorna Limousin bulls and out of quality commercial Angus cows. These heifers would suit either a short term grain-fed job for a domestic kill or could be grown out and then joined to the bull of your choice in the springtime. There was 3 heifers noted to have white bellies and underlines at assessment and 1 heifer has a small patch of ringworm around its eye.
