Temperament	Yards		Crush
	Quiet: 58 head		Quiet: 57 head
	Slightly Stirry: 4 head		Slightly Stirry: 5 head
	Heifers handled well through yards with only small % becoming agitated in crush during mouthing & preg testing but settled once being returned to mob		
Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , Dogs , Horses , On foot		
Assessor Comments	Buyers a great opportunity to secure a 2 deck line of good quality PTIC first calf heifers to Gidyea Brangus and Ultra black bulls . Purchased as lightweight weaners from Western Queensland they have performed well however will be good compensatory gains achieved due to cold winter on light forest country. These heifers show mostly good bone and length and would appear to have the breeding to be an asset to most Breeder herds. Please note several heifers show some fly or lice rub marks not considered detrimental. Vendor has 4 decks sisters preg tested non detectable in weaner sale		
Assessor	Peter Elmes (Level 2 Accredited) Phone: 0428 666 546
