Heifers good to muster in paddock. Worked through the yards on foot and drafted through a pound. All Heifers moved freely and recognized an open gate which they would move through quickly. Some Heifers became nervous in the crush however they settled quickly once returned to the mob.

Handled With Bikes , Horses , On foot

Assessor Comments Useful quality Santa heifers PTIC to Quality Brangus and Droughtmaster Bulls. Calving in good window will last a lifetime as honest fertile commercial Breeders.
