Assessor Comments	Buyers, an opportunity to secure a line of PTIC Angus Heifers due to calve January/February 2023. Joined to a high quality low birth weight Corry's Glen WECP42 Angus bull with excellent EBV'S. Heifers weighing 345-488Kg to Average 398Kg at Assessment. Cattle were purchased from Kootingal and Glen Innes. Heifers present an ideal opportunity to take home to calve down and rejoin or fatten for the trade. Vendor is only selling due to downsizing mob numbers to allow more attention to calve out other heifers. 4 Heifers noticed with patches of white on udders. 2 Heifers presented with rubbing between rear legs.
