Assessor Comments	Nice line of late Spring calving cows with their lives in front of them. Low maintenance, proven breeders that are only being offered for sale due to the tightening season and wanting to off load some mouths. All PTIC to a Table Top Angus bull. Young cows that will continue to grow and develop in to moderate framed, productive matrons. Buyers please Note. Vendor has another lot of 14 young cows of the same description in this sale, scanned at 6-10 weeks in calf. Please see photos & video for full content.
