Cows were quite to handle at assessment. These cows are handled regularly and have a very quiet nature. Please refer to video as an illustration of their temperament.

Handled With	Bikes , On foot , Vehicles
Assessor Comments	These are a magificent line of Team Te Mania EU Accredited & ACR Recorded "M" drop PTIC Cows, due to commence calving early September for 6 weeks. The Toolong Herd has been a Progeny Test herd since the inception of Team Te Mania in 1996 & is a herd with an enviable industry reputation. These cows are demonstrating all the desireable attributes of the breed - a result of a fastidious breeding approach, being structurally correct, large framed with volume & depth of body. The herd has a proven track record of performance & high marbling, being a preferred supplier to Rangers Valley Feedlot. Please note; these cows will be sold in two lots (74 head total). Vendor also has 45 young cows/ heifers in this sale. This is a truly outstanding opportunity to invest in some of the best commercial Angus genetics in the country with a high % in calf to leading AI sires (attached sire links). Genetics of this quality take years of breeding, and are very hard to find - they will not dissapoint.
