Assessor Comments	A great opportunity to secure some quality, weaned, quiet heifers! these females are out of cows that have been selected through meticulous culling through the years on doing ability and fertility. The male portion are always retained by the vendor and sold either as quality heavy feeder cattle or Jap Ox grade bullocks - the heifers have been well handled and educated and have been loaded and trucked several times. these cattle show plenty of bone and frame and will make good future breeders or feed on potential. One heifer was noted with a very slight twisted nose and will be discounted \$200 off the sale price
