These steers are out of very good quality Charbray cows bred using mainly ANC Charolais Bulls. Well muscled, soft calves that will perform on crop or pasture. Two steers were recently castrated, they have healed but still show some swelling. Some steers show signs of lice and were treated with Cattlemax. They are located in the QLD Tick Infested zone and have been pre-treated. Vendor will deliver clear of SBLX dip for buyers in the Tick free zone.
