Paddock

These cattle were generally quiet and easy to handle. Two heifers were noted to rush between pens. These cattle have only been to the yards a few times and will respond well to further handling. The Linden cow herd are quiet and easy to handle.

Handled With

Bikes , On foot , Vehicles

Assessor Comments

An excellent quality line of Angus heifers. The Linden female herd was originally based on the purchase of Reiland blood Angus cows and they have been using high quality Bongongo bulls over these cows. Linden purchase bulls at the top end of the Bongongo catalogue and the quality of the genetics show. They are out of large to very large frame cows and show good weight for age in what has been a long wet winter. These heifers will mature into magnificent breeders and would be an asset to any Angus herd. It should be noted that the vendor is not retaining any heifers from this mob, giving the purchaser the opportunity to buy the top of the drop. A small tail was removed at assessment.
