Assessor Comments	Very good line of Angus Steers that are the 'tops of the drop' for all steer calves born at Bangus for 2021. Steers were all 260kgs plus, and avg 310kgs full at assessment. These steers have plenty of frame with not alot of fat cover, but I believe will be suitable as backgrounders or to take forward to hit feeder markets. Please note approx 10% of mob have very light ring worm/missing hair.
