Assessor Comments	A very well bred line of quality Angus steers that are presenting outstandingly and are an absolute credit to the vendor. Pure Bongongo, Millwillah and Dunoon Angus bloodlines, these steers have performed well since being started on green feed, protein pellets and hay and will continue to go forward if given the same opportunity from the successful buyer. This line has had a 40% tail removed and all steers that have been affected by pink eye have been taken out. All steers have also had their first Bovillis MH + IBR in July, this line comes highly recommended and prospective buyers can purchase with the utmost confidence that all the hard work is already done.
