Excellent cattle to handle, a credit to the vendors strict temperament standards. 2 stirred up slightly during weighing but otherwise they were an absolute pleasure to assess and work with

Assessor Comments	An excellent line of 1 mark Poll Hereford & Black baldy steers. These steers are well grown and are displaying great weight for age. They are steers with bone, and softness. The Chaston Pastoral steers were great to handle and are a testament to the vendors selection criteria for growth, muscle and temperament. These steers were weighed out from 343 - 427kg. Steers that would suit either a pasture fed bullock operation or feedlot operation. The Chaston cattle have a great reputation for their excellent temperament and doing ability. The vendors have individually tracked a few steers in the mob with specific weight gain over 80 days prior to assessment, giving an accurate av wgt gain of 1.2Kgp/day, which would be increasing with the better feed now available. 3 steers noted with old pink eye scarring in one eye, cosmetic only. Highly Recommended. Grass Fed & No Antibiotics *Note the vendor has 2 other lots of steers, and 2 lots of heifers in this sale* Totalling 97 Steers & 43 heifers.
