Assessor Comments	A nice even line of Murray Grey Heifers that have had a great start being containment fed. These heifers are well grown for age and present in prime condition. An ideal line of heifers to take on as breeders with all the hard work done, these heifers are ready to mate to the bull of your choice. Vendor would normally offer these to the trade but being very good types are being offered as future breeders. Alternatively, these heifers would be very well suited for small butchers or feedlot looking to finish. Heifers have had a weight gain of 1.6kg a day for the past 30days.
