Generally very good to handle however did not like being mouthed with most of these steers showing higher levels of agitation during that process. would not consider this to be out of the ordinary for steers of this weight and condition. handled through larger yards quietly and easily and once assessed where calm and easy to walk through for photo's. no steers showed signs of aggression and when not being mouthed stood easily and calmly. small percentage pushed in the race.

Handled With	Bikes , On foot , Vehicles
Assessor Comments	4 decks of very good quality Santa/Droughtmaster cross feeder steers ideally suited to southern markets. Steers are out of a highly functional herd of Santa and Santa Cross cows based on Drensmaine Santa genetics by very good quality Rondel Droughtmaster bulls. 11 x #0's 5 x #2's with balance Branded #1's. Steers are in a strong store condition and show plenty of bone and frame throughout the mob. very positive feedback from numerous feedlots with a fantastic reputation as heavy feeders. being sold as part of vendors annual turn off of steers buy these with confidence in their performance. 100% weighed at assessment with all the #0's as well as a selection of heavier steers mouthed to be milk and 2 tooth with majority of 2 tooth just breaking.
