The Temperament of these steers are a true credit to the vendors. Steers walked through the yards and crush with ease. Some Steers stirred slightly when put through the crush and head bale but settled very quickly when returned to the mob.

Handled With	Bikes , Dogs , Horses , On foot
Assessor Comments	A very good line of light weight high grade brahman steers bred on light coastal and forest country. All the hard work has been done with these steers and are ready to power ahead on most feed types with large compensatory weight gains expected. These steers were very easy to handle and have an excellent reputation for growing into quality bullocks.
