Assessor Comments	Buyers here presents a great opportunity to buy 2 decks of high performing heifers from the renowned Hudson family herd. These heifers are best described as mainly good to very good quality, good bone, structure and confirmation. 100% weighed at assessment to average 269 kg curfewed. Heifers will make an ideal feeder heifer or heifers to join to bull of your choice. These heifers were bred using good quality Angus, Simmental, Droughtmaster and Limousin bulls out of a soft Droughtmaster/Euro/British X cow. Cattle come highly recommended from both a performance and temperament perspective. Heifers have recently been weaned and educated and are extremely quiet to handle in both yards and paddock. Another 2 decks steers same vendor in this sale.
