Assessor Comments	A light 3 deck run of good and very good quality trade weight, milk tooth steers. Steers will curfew from 353kg to 412kg to average 383kg at delivery. British and Euro steers predominately with the most tropical breed content being a run of Santa Gertrudis steers making them ideal to feed for the domestic trade market. Alternatively could be pilled and grown out to heavy feeder steers or fattened to kill. Please note 2 steers have some brindle through their coats. Vendor has stated that he is happy to hold steers outside of delivery period if purchaser is rain affected.
