| Assessor Comments | A fantastic opportunity to purchase a great line of well bred heifers. These weaners were easy to handle through the yards and through the crush. Their temperament and breeding will make these a great line of future breeders for someone. All heifers are bred from the Coal Creek Angus stud cow lines which has since been de registered. This is a rare opportunity to retain some quality future breeders as all heifers have been retained in the past and this is the first time under new management that heifers have been offered for sale. |
