Heifers being weaned at present and will stay in yards weaning until delivery. Heifers did wont to run about in yards typical of freshly weaned cattle. Would expect to quieten down considerably by delivery. Cow herd very good temperament.

Handled With	Bikes
Assessor Comments	A very good line of 1 brand vendor bred Angus/Hereford cross heifers. Heifers are a complete drop of Angus/Hereford cross with the vendor only retaining Hereford heifers. Heifers are being weaned at present and will stay in the yards being fed good quality Lucerne and Millett hay which will quieten them down considerably. Cow herd is very good temperament. Heifers are well grown and true to type. These heifers could be taken through to feeder weights or would make a top quality line of future breeders.
