Quiet: 30 head Slightly Stirry: 1 head Stirry: 1 head	Quiet: 24 head Slightly Stirry: 6 head Stirry: 2 head	Temperament not assessed in Paddock

Steers worked well through the yards considering it was their first time through a new set of yards and they were straight off the oats. 2 steers stirred up in the head bale and one of them remained agitated in the yards even when back in the mob, however was not aggressive.

Handled With: Bikes , Vehicles

Assessor Comments: A neat deck of mostly good to very good quality, young, soft steers that will average 352kg at delivery. These steers are suited to put into a pen and feed as a trade steer or keep going through to heavier feeder weights or fatten to kill. PLEASE NOTE, these steers were treated at assessment with Dectomax Pour on for lice as hair loss and some ring worm was noticed on 5 steers. 2 steers also were noticed to have warts on their eyes and one steer had a small lump on his neck likely to be a reaction from an injection.
