	Easy to put together in the paddock, move through yards well. Note some steers with sensitive flight zone in yards, though settle well when back in mob.
Handled With	Bikes , Dogs , Horses
Assessor Comments	52 HGP free, Soft British composite steers, this mob is vendor bred (one purchased steer that matches the line) out of a Shorthorn/Red Angus composite herd and the Droughtmaster crosses would be deemed soft examples of Bos Indicus cross. These steers are coming out of winter and will give great compensatory weight gain to fill out their frames. Please note 2 steers with old rubbing marks on their necks, not detrimental.
