Heifers were a pleasure to handle and walk around yards to photograph. Typical one or two became slightly agitated when pressure applied or on scales in crush, all walked off and joined the mob and calmed quickly.

Handled With	Bikes , Dogs , Horses
Assessor Comments	48 Speckle Park Heifers averaging 303kg at assessment. 80% of which are F2 Speckle Park, meaning that 39 heifers of this mob are out of Speckle Park cross cows, the majority of which would be Angus SP X. The remainder of this mob are either F1 or even some F3. Vendors have breeding Speckle Park for many years. These heifers will not disappoint given the opportunity. They will feed and meet most market specs, or they will grow out and will become great matrons to any herd. Vendors have not retained any of these heifers, buy with confidence, these are not the culls. They are quiet and have been well handled, watch video and you'll see how you can move amongst them. Please take note, 2 seen with very slight blue eye scarring, and 2 observed with very slight scur under hair, nothing considered detrimental. Vendor also offering 39 steers in todays sale.
