These cattle handled well in the yards. The odd heifer in the race or crush did stir slightly but once back in the mob settled well.

Assessor Comments	An outstanding draft of vendor bred Angus females that are in ideal joining condition. With the Texas and Booramooka Angus cow herd line and the Texas sire line. These females are not to be over looked for anyone looking to purchase quality females with their breeding future in front of them. This is the lead run of heifers with the vendor not retaining any this year. An opportunity not to be missed. Please note: 2 heifers had white marking on and or just before the udder and 2 were noted to have old blue eye scaring not considered detrimental. Brothers listed same sale.
