The cattle were no problem to handle and draft. One steer wanted to jump when in the crush, just not used to that environment. Generally quiet.

Assessor Comments A small line of Angus cross steers just drafted off their Angus brothers. All steers just starting to do in the last few weeks, it has been a wet winter. Steers have frame and are in store to forward store condition. One steer observed with a cloudy eye, not affecting performance. Bred on Hazeldean and Kidman bloodlines the steers should be suited to backgrounding for either domestic or export markets. There are 7 black baldies and 3 red baldies. They weighed between 291 and 452 to average 358kg after being locked up overnight with access to hay. The Angus draft are also being offered this sale.
