Assessor Comments	A very nice line of vendor bred Angus heifer that are just starting to adjust to the green feed they are on. Heifers are starting to improve on the green fed they are on and given the right opportunity should do well into the warmer months. Sired by Cascade Angus bulls these heifers would be suitable as breeders into the future as the vendor has not retained any heifers this year. Heifers are well handled and up to date with animal health . There were heifers that had rubbing over shoulder visible at assessment. Vendor has another lot of heifers in sale as well & two lots of steers in this sale
