Assessor Comments	A small but very nice line of steers presenting in store condition. steers are on green feed and are just starting to adapt with the more favourable weather conditions, There is a couple of steers that are lighter in condition than the balance but are on the improve. Given the right opportunity these steers could be fattened for the trade or export markets. Steers are well handled and up to date with animal health Vendor has straight Angus steers in sale as well as two other lots of heifers
