Heifers were good to draft prior to assessment and walked through the race well and were sensible, three heifers would quicker than the balance when isolated

Handled With	Bikes , Vehicles
Assessor Comments	A small but very nice line of heifers presenting in store condition. Heifers are on green feed and are just starting to adapt with the more favourable weather conditions, Heifers show good shape & given the right opportunity these heifers would be suitable to fatten for the trade or export markets. Odd heifer has hair off over the shoulder which was visible at assessment. Heifers are well handled and up to date with animal health Vendor has straight Angus heifers in sale as well as two other lots of steers
