Hamilton Park (The Mitchelmore Family) is renowned for how well their cattle are handled and these wagyu cattle are no exception!. They were mustered, left for a few hours, individually weighed and assessed. One of these wagyu cows slightly stirred up when put in the crush but nothing to be concerned about and once put back in the mob was fine

Assessor Comments

A RARE OPPORTUNITY TO PURCHASE SOME GENUINE WAGYU GENETICS THE SUCCESSFUL BUYER WILL ALSO GET STRAWS (1 per cow) FROM 1 OF THE FOLLOWING BULLS OF THEIR CHOICE - E2 OR E10. A nice line of 5 purebred cows with an A grade temperament. You won't find cattle much quieter and it is a real credit to the breeder and vendor for the way these cattle have been handled. These cattle are in tick country but have been pre treated twice and will be sold clear of the dip but it is the buyers responsibility for freight. These cows might have age but combined with the straws would be a great asset to a breeding program. Registrations for both bulls (E2 and E10) are attached in the pictures. HAYES AND CO CAN HELP ASSIST WITH FREIGHT TO SOUTHERN OR WESTERN AREAS. Anyone wanting more information about breeding please contact agent who can assist or pass on the vendor's detail. Vendor has 3 other lots in the sale
