Assessor Comments	A beautiful line of 32 Angus X Composite heifers & calves, presenting healthy strong condition with marked calves at foot 2 - 5 months. Purchased ex Daniels Pastoral Co, Qld. Calves are in fresh condition, while the heifers present with full and firm udders and milking very well. All calves have been following the season and performing with fast growth into good framed and evenly structured cattle, the heifers that are showing typical attributes to the breed with their hybrid vigour and soft covering. These animals represent an opportunity not to be missed, as an even line of 1 mark heifers with calves at foot by the "Killain" Angus Bulls, an article that is hard to find. Well handled genuine article. Ready to join to the bull of your choice.
