| Assessor Comments     | A very good quality line of vendor bred, Dunoon, and Boorugal blood Angus cows, PTIC back to the Dunoon, and Boorugal bulls (14 RED tags, 1 BLUE tag). These CFA cows will have calves weaned off them at delivery, which they are doing a great job on. With the continuing soft season, these cows should have no trouble rearing their next calf, with processing opportunities beyond that. This vendor has 1 other lot in this sale - the sisters to these cows, with calves at foot. Buyers please note - 1 cow has a turned eye. |      |                |      |                                     |      |                 |      |
