	Cattle flowed well through the yards and were easy to draft off calves. Two heifers in particular became nervous when singled out.		
Handled With	Bikes , Vehicles		
Assessor Comments	A quality line of 25 x 2 year old Angus heifers with their first calf at foot. Heifers present in store to forward store condition and still have their winter coat. This is a good opportunity to secure young females with 4 to 10 week old 89kg Av calves at foot. Calves showing good growth for age. Sex break up; 15 x bull calves, and 21 x heifer calves. Calves sired by AI 'Landfall' Keystone & Murdeduke kicking bulls and backed up by 'Kenny's Creek' Angus bulls. Regretful sale due to on going rain and the back-end of the property water logged and swampland full.
