Assessor Comments	Buyers a very good line of good frame cross bred cows PTIC by vet to Quality Stud Speckle Park Bulls, At assessment the cows weighed 424kg to 646kg to Av 509.8Kg. All cows were mouthed at assessment 2 cows had slightly worn mouths photos for reference the remainder 22 had very sound mouths. Please note some of the Charolais cows exhibited signs of slight lice. These cows were excellent to handle in the paddock and very easy to yard. When pressure was applied in the yards they did start to stir up but were not aggressive. These middle age cows will go on to make beautiful breeder or suit the trade job.
