A good run of quite Angus heifers all cattle were easy to photograph and walked up into the crush with no hesitation. Heifers have been mustered on with bikes and dogs and photos were straight after getting cattle in yards as they settled quick. Heifers had good temperament non of which had any aggression and only 1 became slightly stirry when under pressure being weighed. All round heifers were easy to assess and weigh.

Assessor Comments	A magnificent line of Angus and Angus x heifers PTIC back to Larkin Angus bulls. Heifers were easy to assess as temperament was key with these heifers. Heifers have only had a backline and in excellent condition for what they have been running on. Cattle were all PTIC by Coonabarabran vet clinic on 29-8-22 with all heifers in calf. Buyers a great opportunity to secure some excellent quality females all ready to calve down to go forward as valuable assets into a rising restocked market.
