Assessor Comments On offer is a well put together line of PTIC Angus and Angus cross heifers. In calf to a LBW Angus bull. These heifers were all purchased out of CTLX store sales and prime sales. Predominantly Straight angus with a small percentage showing some influences of Shorthorn and Limousin. Note there are 3 heifers that have some white on the belly, with the odd heifer with a splash of white on the udder. These Heifers show excellent frame and depth of body, and are in good forward condition without being over fat for calving ease. Good quiet heifers to handle in the paddock and yards. Will grow into excellent matrons.
