	These cattle have been well handled including time on road with a drover. Typical of breed some heifers became agitated on their own but settled well after being released from crush.

Assessor Comments	Attractive line of soft Grey Brahman heifers right on the job to calve to low birthweight GLENTREVOR Poll Hereford bulls. The Weir family have already calved down 200 of these heifers with minimal assistance, these are the later calvers & surplus to requirements. Numbers may alter if a heifer is deemed to be too close to calving to transport. Note there is 31 Brahman Cross sisters also in this sale.
