Assessor Comments A magnificent line of autumn calving Angus heifers. These heifers are sired by Rennylea bulls and they are joined from the 17th of April to the 29th May which is a tight 43 day period. They are joined to the sale topping bull from the Kelly Angus autumn bull sale Kelly Angus R233. These heifers are a fantastic line of heifers that would complement any operation, they are in forward condition and certainly won't need a lot of upkeep through spring. They are exceptionally well grown and will

	be fantastic future mothers.
