	Cows were generally very easy to handle throughout the entire assessment process.		
Handled With	Bikes , Dogs , On foot , Vehicles		

Assessor Comments	A very neat line of Angus cows PTIC to registered Wagyu Bull JWLFR06 for an 9 week joining to commence calving mid February 2023 presenting an excellent opportunity to break into or add to a program meeting the wagyu feeder market. Cows are based on Pathfinder and Bongongo Angus bloodlines. Majority of cows had calves weaned 4 weeks prior to assessment with 8 cows having their calves weaned at assessment. Please note that 4 cows displayed old pink eye scarring, see photos, as well as 3 cows displaying white around the udder region.
