| Assessor Comments  | Offering three PTIC Belted Galloway females, AI to a quality Belted Galloway bull to calve mid April 2023. The Scottsburn herd have been bred from a Glenblairie base with quality natural & AI sires used over the past 7 years. These females are only being offered due to surplus numbers and dropping out of sync in regards to calving with remaining herd. The Riedl family are passionate Belted Galloway breeders having spared no expense putting together their small herd. They were very quiet to handle and represent a great opportunity to acquire well bred, nicely presented PTIC Belted Galloway females as foundation for new herd or top up existing. A hard article to find. |
