Exceptional cattle to handle throughout the yards and crush with 93% walking on and off without any fuss or urgency at all. It is a credit that weaners still on the cows could be so calm and easy to manage. Some of the steers are a little eager off the scales yet not aggressive.

Handled With	Bikes , Dogs , On foot , Vehicles
Assessor Comments	The "Loongana" cattle are very well respected and known for quality, performance and temperament. Sires purchased in recent years (before this years rises) have been generally in the lead of any sale catalogue with purchases in the $7,000 - $16,000 range. Very clean and tidy around the head, fresh and showing great bone, length & depth. 1 brindle & 4 higher content Brahman steers by a good quality Red Brahman Samari Plains bull whilst on agistment. Buyers are expected to take into consideration the cattle will be weaned onto the truck and consider any additional adjustments or allowances for perceived shrinkage due to weaning and transport after arrival. They have had minimal handling to date however have a natural quiet disposition. They have been on excellent feed and not seen any setback at any stage whilst away on agistment or back at home and will remain on the cows until delivery.
