Assessor Comments	Buyers 28 PCAS eligible Santa & Angus X weaned steers & 4 mickys that present in good strong store to forward store condition and are best described as large frame. Steers show good length & bone and will continue to grow into good heavy feeder steers or grassfed bullocks. This line of weaners have all been sired by very good quality Waco Santa bulls out of Santa X and Angus cows. Steers will have been weaned in yards for over a week at delivery being fed quality lucerne hay. At assessment 2 x steers noticed with some old ring worm scarring and 1 x steer was noticed with a small hernia around pizzle. A very good line of weaned steers with a great performance history not to be missed. Vendor also has 72 x head in same sale. **please note 4 mickys in this line & 28 steers**
