	These Heifers were a pleasure to assess, being worked through old dairy yards, all were nice and quiet but one Heifer that I have noted as slightly stirry only because she was a little high headed.

Assessor Comments	On offer buyers a great little line of well bred Charbray/Charolais future breeder or backgrounder Heifers. These Heifers are by Kandanga Valley Bulls out of a very good line of females and were being retained as replacement breeders but the property has sold and vendors are retiring. They have an average weight of 269kg at delivery and are starting to clean up in the coat and preform now. Please note buyers vendor has treated with Dectomax Inj on the 28/9 to help with any clearing into clean country. Please see photos and videos for your satisfaction.
