	A quiet draft of heifers, there was no stir and no running around and all walked away from crush after assessment. Temperament of the Heifers has shown the good weaning process

Assessor Comments	Very nice draft of Heifers, these would make exceptional breeders or ideal trade feeder types, as mentioned earlier in Vendor comments the genetics of these heifers have won carcass competitions over many years. These heifers display plenty of length and bone and display plenty of quality. i was impressed with this line of heifers. This vendor also has 11 steers in this same sale, also definitely worth a look.
