	Steers were not long mustered and weren't completely settled at the start of assessment by the end they were relaxed and walked around pound yard no problems. They walked through the crush and settled well with their mates.		
Handled With	Bikes , Dogs , On foot , Vehicles		
Assessor Comments	These Angus steers display good length and leg and should have the ability to grow into heavy feeder steers on the right feed, I have seen these steers from a young age and can definitely see the progress. Only a small run but the quality is there. As you will see in photo's there is 1 Steer with a small white spot on head and white on pizzle . This vendor also has 7 Angus Heifers in the same sale .
