	These Heifers were not long mustered into cattle yards. They were drafted away from the steer draft also in this sale. Being fresh in yards it did not take long for them to settle down and worked well through the assessment process			
Handled With	Bikes , Dogs , On foot , Vehicles			
Assessor Comments	Angus Heifers, ideal as feeder types or best put away for future breeders. Their mother's hold good frame so these Heifers have ample opportunity for growth. I like the style of these heifers and with time should show their true potential. There is 2 Heifer's with wart scaring on face and neck but should not hold any detriment to their future
