	Quiet line of heifers to handle, there was just the one creamy heifer that wanted to run around a little, not bad just unsettled and didn't like being in the crush during assessment, but settled back into mob with ease, balance of the heifers were fine							
Handled With	Bikes , On foot , Vehicles							
Assessor Comments	Would make some nice replacement breeder's for someone as have some good Euro blood in them. These are the type of heifers also suited to the trade feeder market and are already on the move so weight gains should be good. Nice line of Heifers to handle through out the assessment
