Handled With	Bikes												
Assessor Comments	A line of 66% good and 34% very good quality Angus and Angus Cross Yearling heifers. These heifers have been on oats since mid June and have done very well. They were assessed with a LWR of 267 kg- 393kg after being in yards for roughly 24 hours with hay and water. Good to very good not detectably pregnant heifers (Pregnancy tested certificate is attached) fit to become future breeders or continue to grow on grain or crop. Note they have been treated with Estromil by the vet at preg testing as an extra precaution. Note other lot also at Talwood, would suit to make a B double together. Approximately 45km apart.
