Assessor Comments	A good to very good quality line of Angus, medium to odd large frame with good weight for age. The vendor is not retaining any heifers, so this is the complete drop except for the 33 cross heifers elsewhere in this sale plus 13 lighter and lesser heifers not being sold. They suit to take on as future breeders or to background to heavier feeder weights. They have been well trained to bunk feeding and will make excellent breeders or feeders or could be taken on crop to 100% GAQ slaughter heifers. Note other lots this sale same vendor. 5 heifers noted with a little white underline, approx 8 heifers noted with a slight eye blemish - not detrimental to doing ability. Note they have been preg tested not detectably pregnant.
