Assessor Comments	A good to very good quality line of crossbred heifers, mostly large frame with good weight for age. The vendor is not retaining any heifers, so this is the complete drop including the 116 Angus heifers also in this sale plus 13 lighter and lesser heifers not being sold. They suit to take on as future breeders or to background to heavier feeder weights. They have been well trained to bunk feeding and will make excellent breeders or feeders or could be taken on crop to 100% GAQ slaughter heifers. Note other lots this sale same vendor. Note they have been preg tested not detectably pregnant.
