	Heifers are quiet and easily handled. There were 2 heifers slightly anxious with me being "new" to them, I'm confident that with handling etc they would be as calm. Vendors handle cattle slowly and calmly. 2 heifer did seem anxious on scales, something that these heifers haven't done before.

Assessor Comments	If you're looking for a Christmas present to buy someone here it is! A small lot but a good lot. 4 unjoined heifers ready to go to the bull of your choice. These heifers are by an F1 Speckle Park sire, being from local Bingara stud Doctors Creek Speckle Park. They are out of vendors quiet Angus, Hereford, Hereford cross cows. Please not 1 heifer is out of a Friesian, she does show dairy type. Also to note there is 1 Black Baldy, 2 leopard heifers in lot. These heifers will not disappoint given the opportunity, they will go on to become a great small herd for the lifestyle farmer or those who want to dabble in the Speckle Park breed. These heifers show style and bone that they would also meet most market specs. Also to consider vendor does not join until 2 years of age, these heifers have not been given the opportunity with the bull. Vendor says they've been cycling.
