	Cattle were good to walk among and handle. The odd heifer was slightly stirry when run out the gate.		
Handled With	Bikes		
Assessor Comments	A well presented line of heifers that are 100% scanned empty. They show good frame and body. Heifers have been enjoying a good season running on natural pastures of clover, rye grass and barley grass. These heifers could be kept and joined otherwise would be ideal for feedlot or to fatten on crop/pasture with plenty of room to put on good weight gains.
